

Meditation Questions

After reading and interpreting any Bible passage, ask these key questions:

- What does this say about God's character, plan, priorities, promises, desires?
- What does this say about human nature, character, behavior?
- What is the fallen condition on display in this passage?
- What aspects of God's grace are most evident in this passage?
- Are there examples to follow, commands to obey, warnings to hear?
- If these truths were alive in my life, how would I live differently?
- Why is God showing me this today?

Journal your responses and use this as an exercise to begin your prayer time.
